Technical Specifications for 18111 – Open Paths Ultimate 3-8 Perpetual License (Qty -1)

Sr. No.	-Item Description	Technical Compliance (YES / NO)	Additional Information (if any)
1.	<p>OpenPaths Ultimate Includes:</p> <ul style="list-style-type: none">I. OpenPaths CUBEII. OpenPaths EMMEIII. OpenPaths CityPhiIV. OpenPaths AGENT (advanced travel demand modeling)V. OpenPaths DYNAMIQ (and traffic simulation / dynamic traffic assignment) <p>OpenPaths helps capture a complete representation of mobility incorporating travel demand at any level of detail from zones to individual persons, tours and trips, and multimodal traffic on any mode from cars to public transit and active modes. OpenPaths informs strategic and operational transport planning to inform transport decision-making and answer questions about the future of mobility.</p> <ul style="list-style-type: none">1. Trusted network modeling capabilities that are adopted by leading transport and planning agencies.2. Integrated travel demand modeling capabilities to effectively address 21st century transport planning questions.3. Game-changing mobility data fusion eliminates costly trial-and-error approaches to model calibration.4. Comprehensive model, data management and analysis capabilities to edit, manage, and analyse transport model results with full transparency. <p>Validity: Perpetual License</p>
